

Dear Parents,

Welcome to the 2011 Urbana Youth Soccer Program. We hope your child is excited about playing soccer this year. This is a recreational program with the goal of giving the children in the community an opportunity to participate in a healthy and fun activity in which they can enjoy and learn about the game of soccer. It is also our goal to provide a good environment for families to enjoy watching the children play, learn and grow. We embrace the values of **Fun, Sportsmanship, Teamwork, Commitment and Continuous Improvement.**

We request that all parents really become involved in some way, whether it is coaching, assisting in coaching, helping on the sidelines or keeping score. There are also so many things that must be done away from the fields to make this program is successful, from helping with the administration of activities to keeping the concession stand stocked and running to ensuring each field is safe and has appropriate officiating. The more parents that are actually hands on and involved, the better this program will be. So please, do something to help. We need you!

We will again use the Automated Call System that will enable us to contact all coaches and parents at one time. The system has been used over the past several years very successfully. The goal is to communicate critical information regarding the status of events as quickly as possible to everyone. We will place a test call prior to the start of practices. All parents can provide one number on the sign-up form to receive the call. To change that number, send an email to [SportsInfo@ctcn.net](mailto:SportsInfo@ctcn.net), call the UYS Information Line or place a letter in the Program Director's mailbox in the Urbana Youth Sports Building.

We will continue to use the Urbana Youth Sports Weather & Information Line. That number is: **653-7519**
